Re: Letter of appreciation for the donation of sporting items to NACDA Alberta

NACDA Alberta hereby extend appreciation for the donation in 2014 of sporting items comprising 1,412 jerseys, 14 balls, 12 pairs of shoes to NACDA. NACDA Alberta is made of individuals from Awing village located in Cameroon in Central Africa who are resident in Alberta with head quarter of the association here in Edmonton. Awing village has a population of over 50,000 inhabitants. The goal of our association in Edmonton is mainly for the socialisation of members. In addition to that, we equally contribute as the means arises to the development of Awing village in Cameroon through identified activities especially in the area of education. NACDA Alberta is pleased to say that we were able to raise some funds which enabled us to ship the sporting items to Awing. The items were well received by the King and population of Awing and were distributed to over 30 schools in the village. The items will go along away to help students in their sporting activities. Below are some photos of the distribution of the sporting items.

Sincerely

Abraham Fomboh

On behalf of NACDA Alberta President

The King of Awing village 4th from right (top picture) and 3rd from right (bottom picture) and a cross section of the executive members of the NACDA National receiving the sporting items in the King's palace.

Principals of various schools ready to receive items for their schools
